

# 1401V Body Silk Seamless Maternity & Nursing Bra

## Cameo, Pearl & Chalk Pink

### Cameo

Serves as a modern update to Butterscotch, offering the same foundation appeal with a sophisticated cool tone that disappears under clothes.

### Pearl

Influenced by unbleached whites and natural shapes. Its softness offers a sense of balance and stability. A soft tinted, versatile neutral that's a more modern toned alternative to traditional off-white hues.

### Chalk Pink

A barely-there hue that works both as a neutral and stand-alone color. It's a foundational mid-tone that pairs nicely with neutrals such as Navy or Sand. This grounded, dusty pink is a perfect staple with seasonless appeal.
